- iv. **Kelly C. spoke with administration about any big requests coming down the line. Currently the administration does not have any large projects and encourages PTO to help with specific teacher requests.**
- v. **Request from Laura Conry (1st grade) for book bins. She provided 2 quotes looking for 12 bins to preserve the books and allow students to easily find books at an appropriate level. Confusion about whether the request had been run past administration. Discussion about whether or not PTO can fund requests that only benefit one class. Michelle G. made point that in the past PTO has only done requests that funded the entire or most the school. Jess W. made point that we have encouraged teachers to request and as we didn't provide gift cards at the beginning of the year and the administration has no**

large projects we either need to clarify with the teachers what we need to fund or go ahead and fund requests as they come in and are appropriate. Administration has said they are fine with PTO funding specific teacher requests. Further discussion on where we want to be as a PTO if we fund only items that benefit the schools need as a whole or can specific classes ask for items.

TABLED: Once we find out if administration has approved the request we will move forward to see if there is a motion to approve.
