

✠ EPIPHANY CATHOLIC SCHOOL

inspiring mind and soul

Epiphany Catholic School, an integral part of Epiphany Parish, is a Christ-centered faith community. Dedicated to the formation of the whole person, we are committed to providing all students with the highest quality Catholic education. We are preparing students to "Manifest Christ to All."

Dear Families,

During the Season of Advent we try to slow down and focus on preparing our hearts for the Birth of Christ, but as every parent knows, it's very difficult when surrounded by children. At Epiphany School it's no different - we learn about the Infancy Narratives in class, practice patience (our virtue of the month), and participate in the Season of Advent, but we never slow down. Between special celebrations for St. Lucy, St. Nicholas, and Our Lady of Guadalupe, the Solemnity of the Immaculate Conception, cards and gifts for loved ones, our Band and Orchestra Concert, and our all-school Christmas Concert - we are very busy!

However, in the flurry of activity, God still occupies the center of our hearts. Between Adoration and Benediction, the use of our new Our Lady of Fatima Chapel, all-school Reconciliation, Advent prayer services and classroom Christmas pageants, we are fully immersed in our Catholic Faith and working on staying "focused". This is just one more of the beautiful reason why choosing to enroll our children in Catholic education is so important. We teach the whole child - body, mind AND SOUL.

Please know that you are in the prayers of our staff and students as your family prepares for the beautiful celebration of Christmas.

In Christ,
Ann Coone, Principal

Virtue Formation for the Month of December

The virtue of patience is a great virtue for Advent. During Advent, the Church invites all of us to prepare our hearts for the coming of the Lord so we can enter more fully into the joy of Christ's birth at Christmas. Especially in our fast-paced, technological society, that kind of spiritual preparation takes real patience. We should strive to be patient both with ourselves and others. For us, our patience would probably have run out long before we reached Bethlehem, but not for Mary. She knew that waiting for the birth of her child would be a joy that would far surpass all of her hardships.

In order for us to experience Christmas joy, we are invited to wait patiently like Mary. Advent should be a time of reverence, silence, and preparing our hearts for the coming of Jesus Christ into the world.

Saint Andrew Novena

Hail, and blessed be the hour and moment in which the Son of God was born of the most pure Virgin Mary, at midnight, in Bethlehem, in the piercing cold. In that hour vouchsafe, I beseech Thee, o my God, to hear my prayer and grant my desires, through the merits of Our Savior Jesus Christ, and of His blessed

This is an important tradition that will keep Jesus front and center during Advent. A reminder for our students of

*Mother.
Amen.*

As a school, we are saying this prayer
three times a day: Morning, Noon,
and End of Day.

the true meaning of Christmas and
the importance about waiting and
planning for the Birthday of our
Savior.

The Importance of Being to School on Time

In previous E-Happenings newsletters we addressed school tardiness and the effect that it has on students and the overall classroom. Everyone is occasionally late, but chronic lateness can't be ignored. Being late even 10 minutes is significant when our classes are only 40 minutes in length. Because of this, we are using the Mandatory Makeup program as outlined in previous editions of E-Happenings (9/11/17 & 9/18/17).

Basically, when a student is late to school (not in their desk and ready to begin their day by the 7:40 am bell) six times in one trimester, they will be issued a Mandatory Makeup, which is one hour (10 minutes for each of the 6 tardies) of after school class time. Mandatory Makeups will be held on Thursdays from 2:30-3:30 pm.

When overall weather conditions cause a group of students to be tardy, or students have doctor appointments or other unforeseen/emergencies that parents report to the office, the students will be marked as tardy but it will not be included as a step toward Mandatory Makeup. Students get a fresh start at the beginning of each new trimester.

Parent letters will be sent home each month that alert parents to a concern about tardiness and the assignment of Mandatory Makeup.

Access to School Parking Lot

After careful review by our facilities team, preschool, and day school administrators, we have made the following adjustments to the entrances to our school parking lot during all school days:

- Access from the Hanson Blvd. to our south school lot will **ONLY** be open during school drop-off and pick-up times. Cars should use the 111th street access.
- The portable yellow barriers that run down the center of the school parking lot will **ONLY** be open during morning drop-off and afternoon pick-up when school is in session.

To avoid the frustration of getting stuck on the north side of the school and having to drive around, please plan ahead and enter the school lot from 111th Ave at all times outside of drop-off and pick-up times.

Breakfast with Santa

Join Santa and Mrs. Claus for a delicious breakfast on **Friday, 12/15 from 6:30 -7:25 am** in the school cafeteria. Cost for breakfast is \$1.75 for students and \$2.50 for adults.

No reservation required!!

We truly wish you a **Blessed and Merry Christmas and New Year!!**

What's All of This Talk About Latin?

There is much chatter about the addition of Latin to our school curriculum. The good news is that people are talking about it and researching. The bad news is that much of the information being passed around from word of mouth, is

inaccurate. Here are a few truths and some great articles with information about WHY we will be adding Latin to our curriculum.

- **Truth 1:** We ARE going to begin some Latin instruction at Epiphany Catholic School next year.
- **Truth 2:** The amount of Spanish that our students receive next year will be assessed and there may be adjustments made, but Spanish will NOT be completely eliminated.
- **Truth 3:** If we are not continually evaluating our curriculum, and making adjustments based upon need, we are living in a state of false superiority. When we evaluate our curriculum and determine that we are providing exactly what our students need, we are living in a state of truth.
- **Truth 4:** Latin is NOT a spoke language - it is an art, a skill, and a rigorous building block in the development of grammar, phonics, reading, vocabulary, writing, science, history, and assessment. Simply put, students who study Latin do better. To learn more, read the following articles:
